

Industry Round Table Summary

Resources and Information

RESOURCES

Multiple resources are available through the Montana Restaurant Association. If you are interested in their current initiatives, resources, or membership, find more [here](#). The Revive Missoula Bars & Restaurants is an alliance formed to unite the community and small businesses in the service industry. Learn more on what they are working on and how to join [here](#).

EIDL is still available. Businesses may still apply for EIDL COVID loan funds on the SBA website [here](#).

CHAMBER ACTION

The Missoula Chamber wants to help promote your business. Please contact Mark Losh markl@missoulachamber.com to schedule a filming of your location for our social media channels.

Clint Burson will be reaching out to our local governments and health department to see if they can shed some light on how they communicate and if we can facilitate better communication.

Find additional information on COVID-19 Resources on our website [here](#). If you know of additional resources please share them with us at info@missoulachamber.com.

TIPS & IDEAS

Certified Clean: it was proposed that a Health-Department-approved checklist be created for businesses to follow that would receive a certified clean "badge" that would help the public feel safe visiting. The Chamber supports this idea and would like to help promote the certification and the businesses that receive it once it.

HOW TO SUPPORT

If you are looking to help support your local restaurants and bars, there are a few things you can do!

- Buy gift cards- this provides instant revenue for the business
- Go out to dinner or order takeout- continue to patronize these businesses
- Help combat the stigma- many have become more weary of eating food from a restaurant, but the truth is that they are one of the cleanest businesses you can patronize!
